PROFESSIONAL SUMMARY

Software Engineering undergraduate at Babcock University with a 4.01/5.00 CGPA, seeking a SIWES/Industrial Training opportunity from January 2027 to June 2027. Hands-on experience in frontend web development, JavaScript, responsive UI development, and software engineering projects, with growing specialization in Artificial Intelligence, RAG/LLM technologies, cybersecurity, cloud computing, and networking. Experienced in building web applications and contributing to technology-focused campus initiatives. Strong problem-solving, communication, teamwork, leadership, and continuous-learning abilities.

EDUCATION

B.Sc. Software Engineering | Babcock University, Ilishan-Remo, Ogun State, Nigeria | 2024 – Present

CGPA: 4.01/5.00 | Expected Graduation: 2028

Relevant Coursework: Programming Fundamentals, Object-Oriented Programming, Data Structures, Software Engineering, Systems Analysis and Design, Database Systems, Computer Networks, Computer Architecture

TECHNICAL SKILLS

Programming: Python, PHP, JavaScript

Web Development: HTML5, CSS3, JavaScript, Node.js, Responsive Web Design, DOM Manipulation

AI & Machine Learning: Artificial Intelligence, Machine Learning Concepts, Large Language Models (LLMs), Retrieval-Augmented Generation (RAG), RAG Agents, Prompt Engineering, Vector Databases, NVIDIA NIM

Cybersecurity: Ethical Hacking, Cyber Forensics, Endpoint Security, Cyber Threat Management, Cybercrime Analysis, Network Defense, Secure Coding

Networking & Cloud: Computer Networks, IPv4/IPv6, Network Device Configuration, Cisco Networking, Cloud Computing, Google Cloud

Databases: MySQL, Database Systems

Software Engineering: Object-Oriented Programming, Data Structures, Software Development Methodologies, Problem Solving, Clean Code

Tools: Git, GitHub, Visual Studio Code, Figma, Microsoft Office

PROJECTS

OCTAHIRE — Campus Recruitment System | Software Engineering Project

Live Demo: <https://tobiloba-oniyide.github.io/OCTAHIRE/>

- Contributed to the design of a secure, scalable, and intuitive campus recruitment system aimed at improving how student placements are managed.
- Applied software engineering principles to a system addressing real-world campus recruitment and placement challenges.
- Worked with HTML, CSS, and JavaScript during the development process.
- Considered system usability, security, scalability, and long-term maintainability.

Corporate Solutions Consulting Website | Frontend Web Developer | 2025

- Designed and developed a responsive five-page corporate website using HTML5, CSS3, and JavaScript.
- Implemented mobile-first design for compatibility across desktop, tablet, and mobile devices.
- Translated stakeholder requirements into a functional web solution designed to improve the company's digital presence.
- Used Git and GitHub for version control and deployed the website through GitHub Pages.
- Live: github.com/Tobiloba-Oniyide/CorporateSolutionsConsulting

Personal Portfolio Website | Independent Project | 2025

- Designed and developed a responsive personal portfolio using HTML5, CSS3, and JavaScript.
- Implemented scroll-triggered animations, animated cursor interactions, and certificate modal functionality.
- Integrated CV and certification download features.
- Created a recruiter-focused interface for presenting technical skills, projects, certifications, and experience.

EXPERIENCE & LEADERSHIP

Campus Ambassador | Cowrywise | February 2026 – Present

- Represented Cowrywise on campus by promoting financial literacy and investment awareness among students.
- Executed 4+ campus activations and workshops reaching over 300 students.
- Supported onboarding of 100+ new users to the Cowrywise platform.
- Collaborated with the marketing team to support product awareness and adoption.

Social Committee Member | Babcock University Computer Club (BUCC) | October 2025 – May 2026

- Planned and coordinated 5+ technology-focused community events reaching over 1,000 students.
- Contributed to initiatives that increased club participation by approximately 40%.

- Managed event logistics and collaborated with team members to ensure effective event execution.
- Received two Certificates of Service for contributions to the organization.

First Social Prefect | Primegate Montessori High School | September 2021 – July 2022

- Served as the inaugural First Social Prefect, overseeing student social events and welfare initiatives.
- Planned and executed 10+ school events, assemblies, and programmes for over 200 students.
- Gathered student feedback and incorporated student perspectives into event planning.
- Served as a liaison between students and school administration.
- Received the Best Behaved Student Award — Set of 2022.

CERTIFICATIONS

- Building RAG Agents with LLMs — NVIDIA Deep Learning Institute, January 2026
- Encoder-Decoder Architecture — Google Cloud / Simplilearn, June 2026
- Cybersecurity Workshop — Babcock University, March 2025
- Diploma in Emotional Intelligence and People Management — OGE Business School, September 2024
- Networking Basics — Cisco Networking Academy, October 2023
- Networking Devices and Initial Configuration — Cisco Networking Academy, October 2023
- Introduction to Cybersecurity — Cisco Networking Academy, October 2023
- Endpoint Security — Cisco Networking Academy, November 2023
- Cyber Threat Management — Cisco Networking Academy, November 2023
- Cyber Forensics — Great Learning, June 2024
- Introduction to Cybercrime — Simplilearn, June 2024
- Ethical Hacking 101 — Simplilearn, July 2024

PROFESSIONAL DEVELOPMENT

Actively developed knowledge through seminars, workshops, and independent learning in Artificial Intelligence, RAG/LLM technologies, Cybersecurity, Prompt Engineering, MERN Stack Development, Cloud Computing, Networking, and Software Engineering.

ACHIEVEMENTS

- Best Behaved Student — Primegate High School, 2022
- Debate Competition Participant — Babcock University, 2025
- Two Certificates of Service — Babcock University Computer Club
- Diploma in Emotional Intelligence and People Management — OGE Business School

SOFT SKILLS

Problem Solving | Critical Thinking | Communication | Teamwork | Leadership | Adaptability | Time Management | Professionalism | Attention to Detail | Continuous Learning

AVAILABILITY

SIWES / Industrial Training: January 2027 – June 2027
