

OLUWATOBILOBA ONIYIDE

Software Engineering Undergraduate | AI & Cybersecurity Enthusiast

Lagos, Nigeria | 07080088794 / 09067714578 | Oniyidetobiloba7@gmail.com | [LinkedIn: OluwatobilobaOniyide](#)

PROFESSIONAL SUMMARY

Motivated Software Engineering undergraduate at Babcock University (CGPA: 4.01/5.00) with a strong interest in software development, artificial intelligence, cybersecurity, and emerging technologies. Brings solid analytical and problem-solving skills, excellent communication and teamwork abilities, and a genuine passion for continuous learning. Seeking an Industrial Training (IT/SIWES) opportunity to apply technical knowledge, contribute to real-world engineering projects, and grow within a collaborative technology team.

EDUCATION

B.Sc. Software Engineering | Babcock University, Ilishan-Remo, Ogun State, Nigeria 2024 – Present
Current CGPA: 4.01/5.00 | Expected Graduation: 2028

Relevant Coursework:

- Programming Fundamentals, Object-Oriented Programming, Data Structures
- Software Engineering, Systems Analysis and Design
- Database Systems, Computer Networks, Computer Architecture

TECHNICAL SKILLS

Programming Languages:

Python, PHP, JavaScript

Web Technologies:

HTML, CSS, Node.js

Databases:

MySQL, Database Systems

Software Concepts:

Object-Oriented Programming, Data Structures, Systems Analysis and Design, Software Development Methodologies

Cloud & Emerging Technologies:

Artificial Intelligence and Machine Learning, Prompt Engineering

Networking & Cybersecurity:

Computer Networks, Network Device Configuration, Endpoint Security, Cyber Threat Management, Ethical Hacking Fundamentals, Cyber Forensics, Secure Coding Practices

PROJECTS

Personal Portfolio Website | Independent Project

- Designed and built a personal portfolio site to showcase skills, projects, and certifications to prospective employers.
- Implemented scroll-triggered animations, an animated cursor, and a certificate image modal viewer using HTML, CSS, and JavaScript.
- Integrated a CV and Certifications download feature and a clean, recruiter-friendly visual design.

CERTIFICATIONS

- Diploma in Emotional Intelligence and People Management — OGE Business School, September 2024
- Networking Basics — Cisco Networking Academy, October 2023
- Networking Devices and Initial Configuration — Cisco Networking Academy, October 2023

- Introduction to Cybersecurity — October 2023
- Endpoint Security — Cisco Networking Academy, November 2023
- Cyber Threat Management — Cisco Networking Academy, November 2023
- Cyber Forensics — Great Learning, June 2024
- Introduction to Cybercrime — Simplilearn, June 2024
- Ethical Hacking 101 — Simplilearn, July 2024
- Certificate of Completion, Babcock University Cybersecurity Workshop—Babcock University, March 2025
- Certificate of Competency, Building RAG Agents with LLMs — NVIDIA, January 2026
- Certificate of Completion, Encoder-Decode Architecture— Google Cloud, Simplilearn, June 2026

LEADERSHIP & CAMPUS INVOLVEMENT

Social Committee Member | Babcock University Computer Club (BUCC) *October 2025 – May 2026*

- Collaborated with a student committee to plan and coordinate technology-focused community events.
- Facilitated student engagement initiatives, strengthening participation across club activities.
- Applied communication and organizational skills to support smooth event execution and team coordination.

PROFESSIONAL DEVELOPMENT

Actively participated in seminars and workshops covering Artificial Intelligence, Cybersecurity, Prompt Engineering, MERN Stack Development, Cloud Computing, emerging technologies, and Software Engineering career development, reflecting a consistent commitment to staying current with industry trends.

ACHIEVEMENTS

- Certificate of Participation, Debate Competition — Babcock University, March 2025
- Best Behaved Student Award — Primegate High School, July 2022

SOFT SKILLS

Problem Solving • Critical Thinking • Communication • Teamwork • Leadership • Adaptability • Time Management • Professionalism • Attention to Detail • Continuous Learning

INTERESTS

Software Development, Artificial Intelligence, Cybersecurity, Technology Innovation, Web Development, Continuous Learning

LANGUAGES

English (Fluent)
